

The Simplest One-Click PC Factory Recovery Solution

One-Click recovers an entire system, including the operating system, drivers, and all applications from a hidden partition for restoration to original factory settings. Users can restore their systems to an original factory configuration with the simple click of a hotkey, or a Recovery CD/DVD.

Designed for:

- NetBook Manufacturers
- Laptop Vendors
- PC Desktop Manufacturers
- System Builders
- Motherboards
- Tablet, POS & SmartPhone

Fixes all software related issues, such as virus/spam infection, driver, Windows upgrade failure, or blue screen of death.
